

DEVersity

Who we are

At DEVersity, we have three aims: to offer the best and most diverse range of software solutions and consulting expertise for your business, to help you develop and improve your product and customer relations, and to provide an outstanding working environment in which the most talented individuals can thrive.

We believe that effective collaboration between specialized professionals is the right way to implement software & business solutions, which generate results!

WHO WE ARE

Our team

We believe that developing a product or solution should be covered from start to finish with all roles necessary to achieve the best result in shortest possible time. We offer our clients & partners “Team As A Service” - a team of professionals in their fields to cover each stage of development:

- **PRODUCT OWNERS**
to groom your ideas
- **UI/UX DESIGNERS**
to design a great experience for end users
- **PROJECT MANAGERS**
to make sure everything runs smoothly
- **SOFTWARE DEVELOPERS**
to bring your ideas to life
- **SOFTWARE ARCHITECTS**
to design a scalable software solution
- **QA ENGINEERS**
to assure everything works as expected

OUR CLIENTS

AREAS OF EXPERTISE

Our clients

Our most notable clients are market leaders in their domains. We helped them build their digital product capacity, in close collaboration with their teams. We take pride in our approach & values we share with our client, where we align and partner for the long haul. This has allowed us to build amazing product from scratch and we see some of our product hit the world stage. With Vet 2 Pet & VetSuccess we had the opportunity to build leading products in the Veterinary industry in North America, while we with Ahold Delhaize we are working on their Loyalty Omnichannel solution for Southern Europe. Let's talk and see how we can help you make your next big thing!
